Buildings and Facilities

1 Passenger Terminal

It is a large single building for domestic and international passengers.

2 Concourses

There are 7 concourses consisting of Concourse A, B, C, D, E, F and G.

- Concourses A & B serve domestic passengers (and also for international passengers between 21.00-04.00 hours).
- Concourses C, D, E, F & G serve international passengers.

3 Car Park

Two 6-storey buildings are located in front of the Passenger Terminal with parking capacity for 5,000 cars. Outdoor car parking spaces, which are located around each building, can accommodate up to 1,000 cars.

5 Public Transportation Center

It is the center for transportation within the airport, and divided into sections in order to accommodate various modes of transportation, including limousines, rental cars and buses. Additionally, there is a bus terminal operated by Bangkok Mass Transit Authority (BMTA) and The Transport Company Limited, where a gas station and shops are available.

4 Novotel Suvarnabhumi Hotel

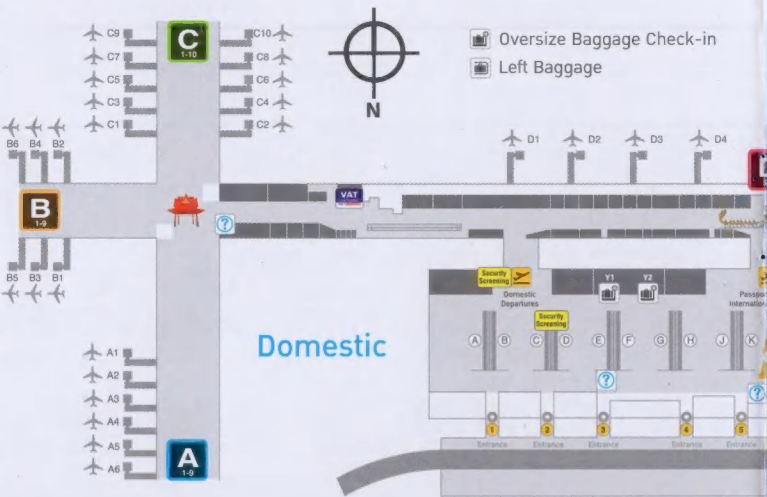

It is located approximately 300 meters from the Passenger Terminal, consisting of 612 rooms. The hotel is fully facilitated with seminar rooms, restaurants, spa and fitness facilities.

6 Air Traffic Control Tower

The tower rises to the height of 132.2 meters to provide air traffic control, aeronautical communication and air navigation services for Suvarnabhumi Airport.

Departure Procedures

Liquid on Board Regulations

Regulations regards to liquids, gels and sprays, which include water, drinks, creams, lotions, oils, perfume sprays, hair gels, toothpastes, deodorants, etc.

- 1 All types of liquids, gels and sprays must be in a container not exceeding 100 ml. A container with a larger capacity is prohibited on board, although it is containing a small portion of liquid, gel or spray.

- 2 All containers must be packed inside a re-sealable clear plastic bag. The total volume must not exceed 1,000 milliliters (1 liter).

- 3 Passengers are allowed to take only one clear plastic bag on board and it must be placed separately from other belongings for inspection at the check-point.

- 4 Liquids, gels and sprays of a quantity greater than 100 ml. must be kept in your checked luggage.

- 5 Exceptions include milk, proper quantities of baby food and drugs with clear descriptions.

- 6 Liquids, gels and sprays purchased from Duty Free Shops at the airport must be placed in a sealed clear plastic bag with no sign of attempted opening. Evidence to prove that the purchasing date matches the traveling date is required at the check-point*.

- 7 Passengers are not allowed to take "dangerous objects" on board in carry-on or checked luggage including flammable substances in either gas, liquid or solid form, fireworks, corrosives, radioactive materials, firearms of any type including replicas or toys.

- 8 It is not allowed to carry power banks in checked luggage; they must be placed in carry-on baggage only. Each passenger is allowed to carry a maximum of two power banks with capacity of not over 32,000 mAh or 160 Wh.

*However, regulations on taking liquids on board differ in each country; passengers should consult the airline officer before purchasing products.
